EDUCATION

2018-2019

UPGRADED HIGH SCHOOL.

JHURJHURI, HAZARIBAG

- Matriculate at 74.4%

2019-2021

HINDU +2 HIGH SCHOOL,

HAZARIBAG

- Matriculate at 64.0%

2021-2024

VINOBA BHAVE UNIVERSITY

- Bachelor of Computer Applications
- Passed (CGPA 7.02)

2025- 2027

Chankya University, Bengaluru

- MCA- Cyber Security
- Currently pursuing

LANGUAGES

- English: Intermediate
- Hindi: Fluent

PROFILE

Highly motivated Computer Science graduate currently pursuing MCA (2025-2027) with specialization in Cyber Security. Skilled in Machine Learning, Full Stack Development, and Data Analysis. Experienced in developing intrusion detection systems using Decision Tree and Logistic Regression. Interested in cyber security, web development, and real-world problem solving.

TECHNICAL SKILLS

PROGRAMMING LANGUAGES:

- JAVA, PYTHON, KOTLIN, JAVASCRIPT, HTML, CSS,

WEB FRAMEWORKS:

- DJANGO, REACT

DATABASES:

- MONGODB, POSTGRESQL, DBMS

DOMAINS:

- CYBER SECURITY, MACHINE LEARNING (ML), INTERNET OF THINGS (IOT)

TOOLS & TECHNOLOGIES:

- GOOGLE COLAB, SCIKIT-LEARN, GITHUB

PROJECTS

1. Intrusion Detection System using Machine Learning

- Developed intrusion detection model using Decision Tree algorithm
- Achieved 88% accuracy
- Extended using Logistic Regression achieving 90% accuracy
- Performed data preprocessing, model training, and evaluation
- Tools: Python, Scikit-learn, Google Colab

2. Android Std Library Application

- Developed application providing standard library resources for Android OS
- Languages: Android SDK, Kotlin

3. Android Easy Life Application

- Created application to simplify daily tasks for Android users
- Languages: Android SDK, Kotlin
