ABOUT ME

I am effective team communicator with excellent collaboration skills. Strong foundation in computer applications with keen interest in innovative technologies. Eager to leverage skills and knowledge to drive success in dynamic environment. Highly motivated with excellent problem solving skills and passion for continuous learning.

SKILLS

Programming Languages

: Python, Java, R, C Programming.

Frontend

: HTML, CSS, JavaScript.

Backend

: SQL, MySQL database.

Frameworks

: NumPy, Pandas, Matplotlib, Seaborn, TensorFlow.

Tools

: Word, Excel, Power point, MySQL.

Version Control System

: Git and GitHub.

Platforms

: PyCharm, Jupiter Notebook, Visual Studio Code.

EDUCATION

BCA (Bachelor of computer Applications)
The National Degree College, Bagepalli.
CGPA – 9.08

Karnataka India.
September 2022-August 2025(Pursuing)

PUC (EBACs)
Blooms PU College, Bagepalli.
Percentage – 68.17%

Karnataka, India
September 2020- April 2022

PROJECTS

Virtual Assistant

Developed an AI-powered virtual assistant using python, integrating speech recognition and text-to-speech for interactive communication.

Integrated automation features like email handling, web scraping, task scheduling and smart home control.

Enhanced Crop Recommendation Using Machine Learning: A Comparative Study of Multiple Classification Algorithms

Developed a machine learning-based crop recommendation system by evaluating multiple classification algorithms using soil and climatic data to improve agricultural decision-making. Achieved up to 99.55% prediction accuracy through data preprocessing, feature analysis, and model comparison using Python and Google Colab.

CERTIFICATES

Advance Excel and Power BI

- Successfully completed Skill development course on Advance Excel and Power BI, and gained practical knowledge in Excel automation, data analysis, Power BI mastery with Scraping, Cleaning, and Dynamic visualization.

Machine Learning Applications

- Gained practical knowledge of machine learning algorithms including supervised and unsupervised learning, model selection, and evaluation techniques. Developed hands on Projects using Python and TensorFlow.

Soft Skills

- Excellent Communication.
- Problem solving and critical thinking.
- Teamwork and Collaboration
