EDUCATION

Chanakya University, Bengaluru | 2025-2027(Present)

MCA Cybersecurity

SIES College of Arts, Science and Commerce Sion | 2022-2025

Bsc-Data Science

CGPA: 9.3

P.A Menon Junior College of Commerce and Science, Bhandup | 2020-2022

12th Higher Secondary Education

(Commerce) • Percentage: 77.13%

D.A.V Public School (CBSE), Thane(W.) | 2008-2020

10th Secondary School Certificate

(CBSE) • Percentage: 80%

CERTIFICATES

Internshala Machine Learning Course | May 2023 - Jul 2023

 [Certificate](#)

NPTEL Ethical Hacking 12 Weeks Course

 [Certificate](#)

SKILLS

- **Languages:** Python (Intermediate), JavaScript (Basic), PHP (Beginner), HTML/CSS
- **Databases:** MySQL, MongoDB
- **API:** REST APIs
- **Cloud Computing:** AWS (EC2 management, SSH access, configuring services like Nginx)
- **Containerization & DevOps:** Docker (Containerization, Image Management, Basic Networking)
- **Software & Tools:** Linux CLI, Postman, VS Code, Jupyter Notebook
- **System Design & Software Architecture:** Basic understanding of Microservices, Monolithic vs. Distributed Systems, Load Balancing and Scalability
- **Soft Skills:** Problem Solving, Team Collaboration, Communication.
- **Frontend:** React.js, Next.js, Bootstrap/Tailwind CSS, TypeScript(Basic), Version Control (Git/GitHub), DOM Manipulation.
- **Backend:** FastAPI/Flask, Node.js/Express.js, ORM (SQLAlchemy basics), API Development, OAuth.
- **Additional Python Libraries:** Pandas, Numpy, Matplotlib, Seaborn, Scikit learn
- **CyberSec:** Nmap, Burpsuite, Wireshark, TCPdump,

PROFESSIONAL EXPERIENCE

Software Developer Intern | Nov 2024 – Feb 2025

NNS Media – Nerul, Navi Mumbai

- Developed and enhanced backend functionalities using Express.js, implementing secure authentication with OAuth2 (Google) via Passport.js, ensuring seamless user login/signup experience.
- Designed and implemented role-based access control (RBAC), restricting content visibility and access based on user roles for improved security and user experience.
- Managed MongoDB (Atlas & Compass) for efficient data storage, retrieval, and optimization, ensuring seamless data flow and integrity.
- Built and integrated flat listing and management features for sellers and agents, allowing property uploads and streamlined real estate transactions.
- Collaborated on frontend improvements in Next.js, optimizing UI/UX for better visual appeal and functionality.
- Worked in a team of three, contributing to full-stack development and troubleshooting critical issues to enhance platform performance

Full Stack Development Intern | July 2024 - Sep 2024

Sies College of Arts, Science and Commerce

- Implemented responsive frontend modifications using HTML/CSS and JavaScript (React), improving user interface across multiple pages.
- Developed and optimised backend functionalities using Python, ensuring seamless data flow and improved system performance.
- Managed database operations using MySQL, handling data queries and maintaining data integrity.
- Provided technical support and troubleshooting, resolving user-reported issues and bugs.
- Collaborated with team members to implement new features and maintain existing codebase
