ABOUT ME

I am effective team communicator with excellent collaboration skills. strong foundation in computer applications with a keen interest in innovative technologies. Eager to leverage skills and knowledge to drive success in a dynamic environment. Highly motivated, with excellent problem solving skills and a passion for continuous learning. Profound understanding of software development life cycles and experience working on collaborative projects

Skills

Programming Skills	: Python, Java, R,C
Frontend	: HTML, CSS, JavaScript
Backend	: SQL
Frame Works	: Numpy, Panadas, Matplotlib, seaborn
Tools	: Word, Excel, PowerPoint, MySQL,
Version Control System	: Git and GitHub
Platforms	: PyCharm, Jupiter NoteBook, Visual Studio Code,

EDUCATION

MCA(Master of Computer Application) The Chanakya University	Karnataka, India September 2025-August 2027(Pursuing)
BCA(Bachelor of Computer Applications) The Best Degree Collage chikkaballapur-562101 Grade : CGPA 8.5	Karnataka, India September 2022-August 2025

PROJECTS

Alluminum Student Managment

- Built a MERN stack Student Management System to manage student records, attendance, and results with secure authentication and CRUD operations.

Comparative Analysis of Machine Learning Models for Fake Job Detection (Research papere)

- Developed a research paper on “Fake Job Detection using Machine Learning Models” by comparing multiple ML algorithms including Logistic Regression, ANN, KNN, Decision Tree, and Naive Bayes.

CERTIFICATIONS

Machine Learning in Python.

Gained hands-on experience with machine learning algorithms including linear regression, logistic regression, decision trees, SVMs, and neural networks.

Soft Skills

- Report Building
- Team Collaboration
- Excellent Communication
