

KIRAN R

MCA | Cyber Security & Deep Learning | Full-Stack Developer

Budigere, Bengaluru | 8618127070 | ravikiran1031@gmail.com | linkedin.com/in/kiran-r-5684202b2 | github.com/kiranr31

PROFESSIONAL SUMMARY

MCA student at Chanakya University (2025–2026) specialising in Cyber Security & Deep Learning. Built an ANN-based Network Intrusion Detection System on CICIDS2017 outperforming all classical ML baselines. Experienced in full-stack development (Java/Spring Boot, Angular, Node.js, Django), REST APIs, and cloud computing.

TECHNICAL SKILLS

Languages	Java, Python, JavaScript, HTML, CSS, React, Angular, Django
Tools & DB	MySQL, Postman, Git/GitHub, VS Code, Scikit-Learn
Cybersecurity	Kali Linux, Wireshark, Nmap, Burpsuite

EXPERIENCE

Data Annotator & Voice Project Contributor — SEED Lab by Samsung, Bengaluru Contributed to a computer voice dataset project, improving annotation output by 40%.	Nov – Dec 2023
Cloud Computing Intern — Plasmid (Remote) Gained practical experience in cloud infrastructure, deployment workflows, and cloud service models.	Aug – Oct 2024

PROJECTS

ANN-Based Network Intrusion Detection System — M Python · TensorFlow/Keras · Scikit-Learn · CICIDS2017 · SMOTE · SHAP · TFLite - Trained a 4-layer MLP on 2.83M network flows achieving 98.71% accuracy across 14 cyberattack types — surpassing Naive Bayes (82.3%), KNN (93.7%), and Random Forest (97.1%). - Applied SMOTE + feature selection (78 → 30 features), cutting training time 42%. Extended with Federated Learning, TFLite edge deployment, adversarial training, and SHAP explainability. - Delivered IEEE-format paper, 10-slide PowerPoint, and HTML code report.
Chanakya University Inquiry Management System Django · JavaScript · Tailwind CSS · REST APIs · Postman Full-stack platform to manage course, faculty, hostel, and transport enquiries with admin dashboard and REST APIs.
Hospital Management System Java (Spring Boot) · Angular · RESTful APIs Full-stack web app managing patient records and appointments with RESTful APIs and Angular frontend.
Waste Management System Node.js · MySQL · Leaflet.js · HTML/CSS/JS · Render Environmental reporting platform with map-based location tracking, user auth, and admin-controlled pickup scheduling.

EDUCATION & CERTIFICATIONS

Master of Computer Applications (MCA) 2025 – Present Chanakya University · Cyber Security & Deep Learning Bachelor of Computer Applications 2021–2024 CGPA: 8.17 Cambridge College Pre-University (PCMB) — Sri Maruthi PU College 2019–2021 82% High School — Sterling English School 2019 85%	Certifications - Java Full Stack — Edu Bridge (2025) - Cyber Security (Basic & Intermediate) — Simplilearn (2024) - Basics of IoT — Simplilearn (2024)
