PROFESSIONAL SUMMARY

Motivated and detail-oriented MCA student with a strong BCA foundation and hands-on experience in full-stack web development. Proven ability to design and deliver real-world web applications using HTML, CSS, JavaScript, React, PHP, and MySQL. Experienced in leveraging AI-powered development tools (Base44, Lovable, FlutterFlow) to accelerate project delivery. Seeking a software development internship or full-time role where I can apply my technical skills and drive impact through clean, user-centric solutions.

TECHNICAL SKILLS

Languages	Python, Java, C, JavaScript, TypeScript, PHP, SQL
Frontend	HTML5, CSS3, React, Bootstrap, Tailwind CSS,
Backend	PHP, Node.js (basic), REST APIs
Databases	MySQL, MongoDB
AI & Dev Tools	Base44, Lovable, FlutterFlow, ChatGPT, GitHub Copilot
Version Control	Git, GitHub, Vercel (Deployment)
Other	Agile Methodology, CRUD Operations, UI/UX Design Principles, Leaflet Maps

WORK EXPERIENCE

Web Application Developer Intern

2024 – 2025

INFIDATA Technologies, Bangalore

- Designed and implemented dynamic web components for a Vehicle Record Management System using HTML, CSS, JavaScript, PHP, and MySQL.
- Developed key frontend modules with clean, modular code; connected UI with PHP backend and MySQL database for secure data operations.
- Participated in Agile team meetings and code review sessions, enhancing collaborative development skills.
- Improved data flow between frontend and backend, reducing manual errors in vehicle record entries.

PROJECTS

Chanakya University – Inquiry & Information Management System

Django, React, REST API, SQLite, Tailwind CSS

- Built a full-stack university inquiry portal with hostel, transport, and faculty management features.
- Developed 6 REST APIs using Django REST Framework with filtering and nested responses.
- Designed a normalized database schema and responsive React frontend.

NutriWise – Smart Food & Habit Tracking

React, TypeScript, Firebase, Tailwind CSS, Google Cloud Run

- Developed a nutrition and habit tracking platform with AI-based recipe suggestions.
- Integrated Firebase authentication, cloud sync, and analytics.
- Deployed the application using Google Cloud Run.

Mandya Mobility – Rural Transport PWA

React, TypeScript, Tailwind CSS, Leaflet Maps, Vercel

- Built a Progressive Web App for rural transportation with live route tracking and timetable updates.
- Integrated Leaflet Maps for real-time location and route visualization.
- Optimized responsive UI for low-end mobile devices.

EDUCATION

Master of Computer Applications (MCA)

2025 – Present

Chanakya University, Devanahalli, Bengaluru

Relevant Coursework: Software Engineering, Web Technologies, Data Structures & Algorithms, DBMS, Cloud Computing

Bachelor of Computer Applications (BCA)

2022 – 2025

SDUIM, Bangalore North University, Doddabalapur, Bengaluru

Graduated: 2025

CERTIFICATIONS & TRAINING

- Web Development Bootcamp — (HTML, CSS, JavaScript, PHP) — In Progress
- Python for Beginners — NPTEL / Coursera
- Git & GitHub Essentials — Practical Version Control & Collaboration
- AI-Powered App Development — Base44, Lovable, FlutterFlow (Self-Directed)

ACHIEVEMENTS & ACTIVITIES

- Developed 3+ end-to-end web applications independently with real-world use cases (agriculture, transport, data management).
- Successfully completed internship at INFIDATA Technologies — contributed to a live production project.
- Actively pursuing MCA at Chanakya University while simultaneously building portfolio projects.
- Open to internship and full-time software development roles — actively looking for opportunities.

LANGUAGES

English (Professional Proficiency) • Kannada (Native) • Hindi (Conversational)
