SUMMARY

Data Science enthusiast with a strong foundation in analytical thinking and a passion for transforming data into meaningful insights. Eager to solve complex, real-world problems using statistical analysis, machine learning, and data visualization techniques. Demonstrated ability to work with diverse datasets, build predictive models, and communicate findings effectively. Skilled in using modern data science tools and methodologies to drive data-driven decision-making and deliver impactful results.

SKILLS

- Programming Languages: Python, Java, C++
 - Web Technologies: HTML, CSS, JavaScript.
 - Database: MySQL
 - Data Visualization: Tableau.
 - Data Science: Machine Learning, Data Mining
- Communication Skills
 - Teamwork & Collaboration
 - Quick Learner
 - Time Management

EDUCATION

- MSc (Data Science)
Chanakya University
 - B.Sc (mathematics & Computer Science)
Nagarjuna college of management studies
81.57 %
 - Higher Secondary Education
St Joseph girls pu college
70.83%
- Persuing**

Julay 2025

April 2022

ADDITIONAL INFORMATION

Languages: English, Kannada, Telugu.

Certifications:

- " Python "(one day workshop)organised by department of mathematics, Government First Grade College,K R Puram,Bengaluru held in November 2023.
- Participated in " 5 Days National Level Faculty Development program on Mastering DeepLearning:A Hands-On Approach with MATLAB " organised by Reva University in June 2024.
- Participated in “ two-day offline National Level Workshop on MATHLAB : A Hands-on Approach to Modeling and Simulation “ organised by Reva University in May 2025.

Project:

Mathematical Techniques of Image Processing

Research Paper:

Student Performance Prediction using Machine Learning: A Comparative Analysis and Explainable AI Approach on Student Evaluation Datasets.
