

SHEETAL THOMAS

Sarjapur Bengaluru • 9742983514 • sheetalthomasoff@gmail.com • [Linkedin](#)

SUMMARY

Motivated and detail-oriented BCA student with interests in Cybersecurity, Machine Learning, and Web Development. Skilled in Python, database management, and cybersecurity fundamentals with hands-on experience in SQL Injection detection, ethical hacking, and machine learning-based security projects. Passionate about applying technical skills to real-world cybersecurity challenges.

WORK EXPERIENCE

Cybersecurity & Ethical Hacking Intern, Tech by Heart

June 2024 – July 2024

- Conducted vulnerability assessments, enhancing system security awareness.
- Assisted in penetration testing, identifying and mitigating security risks.
- Gained hands-on experience in ethical hacking tools and methodologies.
- Improved understanding of OWASP Top 10 vulnerabilities and web application security.

Web Development Project: DE Films

Final Year Project | 2025

- Designed and developed a dynamic website with a serenity-themed UI for a film production company.
- Implemented a subscription system using PHP and SQL, enabling data collection and automated responses.
- Built an admin panel for data management, ensuring a smooth user experience.

Machine Learning Project: SQL Injection Detection System

May 2026

- Developed a machine learning-based system to detect SQL Injection attacks.
- Implemented KNN and Decision Tree algorithms using Python and Scikit-learn.
- Used TF-IDF vectorization to preprocess SQL query data.
- Compared classification performance using accuracy metrics.
- Created IEEE paper, HTML project report, and Medium technical blog for the project.

IoT Workshop Project

Sep 2024

- Developed an IoT-based prototype for real-time vehicle tracking in emergencies.
- Integrated AI-powered camera and satellite signal transmission to enhance accident response.

EDUCATION

Bachelor of Computer Applications (BCA)

2022-2025

Jyoti Nivas College Autonomous

- Relevant coursework in Web Development, Database Management, and Software Engineering.
- Developed practical skills through projects and hands-on experience in full-stack development

Masters of Computer Applications (MCA)

2025-2027

Chanakya University

ADDITIONAL INFORMATION

- **Technical Skills :**Web Development, Database Management, Programming (HTML,Css,JS PHP), SQL Injection Detection, Ethical Hacking Basics.
- **Languages:** English, Malayalam, Tamil, Hindi, Kannada
- **Certifications:** Cloud Computing AWS , IOT, Digital and Cyber Forensics.
