ABOUT ME

I am effective team communicator with excellent collaboration skills. strong foundation in computer applications with a keen interest in innovative technologies. Eager to leverage skills and knowledge to drive success in a dynamic environment. Highly motivated, with excellent problem solving skills and a passion for continuous learning. Profound understanding of software development life cycles and experience working on collaborative projects

Skills

Programming Skills :	Python, Java, C
Frontend :	HTML, CSS,
Backend :	SQL
Frame Works :	Numpy, Panadas, Matplotlib, seaborn
Tools :	Word, Excel, PowerPoint, MySQL,
Version Control System :	Git and GitHub
Platforms :	PyCharm, Jupiter NoteBook, Visual Studio Code,

EDUCATION

MCA(Master of Computer Application) The Chanakya University	Karnataka, India September 2025-August 2027(Pursuing)
BCA(Bachelor of Computer Applications) The National Degree Collage Bagepalli-561207 Grade : CGPA 9.22	Karnataka, India September 2022-August 2025

PROJECTS

Virtual Assistant

- Developed an AI-powered virtual assistant using python , integrating speech recognition and text-to-speech for interactive communication

Weather App

- Developed a dynamic weather application using HTML, CSS and JavaScript, integrating real-time weather data from API Key in OpenWeatherMap .

Learning Models in Stock Market Machine Prediction

- Authored a research paper on stock market trend prediction using Machine Learning techniques. The study evaluated multiple ML algorithms and identified Decision Tree and Logistic Regression as the best-performing models with high prediction accuracy.

CERTIFICATIONS

Introduction to Artificial Intelligence | [Link](#)

Completed a foundation course on Artificial Intelligence, covering key concepts such as machine learning, deep learning, neural networks, and AI applications.

Agile Project Management | [Link](#)

Certified in Agile Project Management with expertise in implementing Agile frameworks, including Scrum and Kanban. Skilled in leading teams.

Introduction To Generative AI Studio | [Link](#)

Gained foundational knowledge of generative AI concepts, models, and applications. learned to utilize AI studio tools for creating and fine-tuning AI models, exploring text and image generation, and understanding ethical AI

Soft Skills

- Report Building
- Team Collaboration
- Excellent Communication
