Summary

Motivated MCA Data Science student with interests in Data Analytics, Machine Learning, and Artificial Intelligence. Skilled in Python, database management, data visualization, and statistical analysis with hands-on experience in data-driven projects and web technologies. Passionate about applying analytical and technical skills to solve real-world problems.

Experience/Projects

Reaching Hand

Harper and Partners Inc., a global advertising firm that specializes in reaching online audiences

23 February 2025 to 23 March 2025

- Worked on frontend development using HTML, CSS, and JavaScript to build responsive web pages.
- Assisted in developing basic Python programs and backend functionalities.
- Collaborated with the team to design and improve user interface components.
- Gained hands-on experience in web technologies, debugging, and project development workflows.

Medicine Recommendation

Final year Project 2025

- Developed a Medicine Recommendation learn how to collect and preprocess medical Datasets
- Study symptom-based disease prediction system decision tree .use python for model
- Use python for model development build recommendation logic based Technologies: python,Image processing machine
- Utilized programming and basic image processing concepts during project development.

KNN-Based Machine Learning Classifier

Project 2026

- Developed a Machine Learning classifier using the K-Nearest Neighbors (KNN) algorithm for data classification and prediction.
- Implemented the project using C# and SQL Server with the UCI Letter Recognition Dataset.
- Achieved 82% classification accuracy using Euclidean distance-based analysis. C#, SQL Server, KNN Algorithm

Relevant Skills

Technical Skills

- PythonCommunication
- HTML, CSS, JavaScriptTeam
- SQLProblem Solving
- Machine Learning BasicsTime
- Data Analysis
- Excel
- C#

Soft Skills

-
- Collaboration
-
- Management

Education History

Master of Computer Applications

Chanakya University - Bengaluru

Year of Graduation: 2027

Bachelor of Computer Applications

Nagarjuna Degree College - Bengaluru

Year of Graduation: 2025

Pre-University College

Vijya first grade college

Year of Graduation: 2022

Career Objective

Seeking an opportunity to apply data science and analytical skills in a growthoriented organization while enhancing technical expertise and gaining industry experience.
